At-home movie nights have become more and more frequent over the past year given the current world pandemic. With so many streaming services, it's difficult to choose what to watch. We are faced with cognitive impairment, struggling to make a choice due to the overload of options out there. Groovy Movie will solve that for you! Simply input what movie genre and decade you are interested in, and Groovy Movie will select 5 movie titles randomly that fit your criteria. Once the 5 films are selected, click on the movie poster and see a brief synopsis and the rotten tomato rating. Found more than one recommendation you'd like to watch? Save movie titles to your list to revisit at a later time!

Genre:

Decade:

### JOKER (2019 FILM)-

**PLOT:** Party clown and aspiring stand-up comedian Arthur Fleck lives with his mother, Penny, in Gotham City, which is rife with crime and unemployment. Arthur suffers from a neurological disorder that greatly affects his behavior in society: he is psychotically delusional, has trouble speaking and shows inappropriate emotional responses to stressful situations (e.g., he can burst into uncontrollable laughter when nervous). After being attacked by delinquents, Arthur's co-worker Randall gives him a gun for self-defense. Arthur pursues a relationship with his neighbor, single mother Sophie Dumond, and invites her to his upcoming stand-up routine at a nightclub.
